

2025 Legislative Priorities Poll

The Governor's Council on Disability recently conducted its annual poll to determine the level of importance disability related issues have to Missourians impacted by disability through their personal and/or professional lives. The results will be shared with council members, the Governor, state legislators, and other interested groups. The poll was available to individuals via the Governor's Council on Disability listservs, Twitter, Facebook, website, personal contacts, and other organization contacts. It was provided in Microsoft Word, PDF and Qualtrics formats.

Three hundred forty-six (346) polls were returned.

The top four priorities for the Governor's Council on Disability for the coming year are determined by the questions which receive the highest combined percentage of strongly agree and agree responses and overall responses. The 2026 priorities will be:

- 1. The State of Missouri updating websites to include more language that is direct and easy to understand for those with reading or writing difficulties.**
- 2. The Personal Care Attendant/Aide/Direct Support Professional workforce providing critical services.**
- 3. Funding needs.**
- 4. Transportation needs.**

2025 Legislative Priorities Poll Demographics Section

If you have a disability, do you currently have a job or are looking for a job?

36.52% Yes, currently have a job, 6.03% Yes, looking for a job, 57.45% No

What motivates you to get a job? Only answered if yes, looking for a job was marked in the previous question

24.49% income, 20.41% skill development, 14.29% full-time hours, 20.41% socialization, 16.33% benefits, 4.08% other

Describe any barriers people with disabilities may experience when attempting to obtain employment. This was an open answer response. Responses included:

- Attitudes and beliefs of employers
- Lack of knowledge/understanding by employers
- Employers not being willing to hire people with disabilities
- Processes not working for some types of disabilities
- Transportation access
- Gaps in employment history
- Lack of accessibility
- Not providing accommodations during interviews or employment
- Fear of losing benefits/not being able to keep much money due to rules of benefit programs
- Finding options that work for the individual-sheltered workshop, inclusive, remote, flexible schedule

What is the most important issue with employment in Missouri for people with disabilities and what changes could state legislators make to improve it?

Issues

- Cost-high rent, amount needed to make accessibility renovations
- Availability in all areas of the state
- Lack of all types of housing-group, independent supported living, accessible
- Housing locations-not in safe areas or near services
- Conversion of low-income housing to market rate housing
- Laws favoring landlords over tenants

Changes

- Assistance with housing costs-rent, building, renovations
- Encourage building of affordable housing
- Encourage all types of housing-multi-unit, group homes, tiny homes, single family
- Increase universal design and accessible options through requirements on new construction and code changes

2025 Legislative Priorities Poll Transportation Section

What types of transportation do people with disabilities use in your community?

18.10% Drive a vehicle, 14.89% Uber/Lyft, taxi, 36.43% Rely on family/friends/aide, 12.49% Walk/bike, 18.10% Public transportation

What barriers does a lack of transportation provide for people with disabilities?

This was an open answer response. Responses included:

- Ability to be employed
- Ability to obtain medical care
- Ability to obtain groceries
- Ability to engage in community activities
- Ability to attend religious services
- Ability to obtain post-secondary education or training

What is the most important issue with transportation in Missouri for people with disabilities and what changes could state legislators make to improve it?

Issues

- Lack of access to transportation across the state
- Lack of accessible/alternate options
- Transportation vehicle costs
- Lack of walkable communities

Changes

- Expand transportation options in all counties-build community transportation infrastructure
- Fund public transportation-including accessible options
- Increase reimbursement rates for providers/reimburse family members for transportation costs
